

August 18, 2020

John Kauffman, General Manager
Shrock PreFab
614 North Spring Street
Loudonville, Ohio 44842

Dear John,

Congratulations on achieving your status as a SFIA Certified Contractor. We at the Steel Framing Industry Association fully understand the dedication, professionalism, skills, and knowledge that it takes to achieve this recognition.

We are sending you via courier the formal Certificate which is suitable for framing. In addition, this notification letter is accompanied by an electronic copy of the SFIA Certified Contractor logo for use on your website, stationery, and any company publications (promotional and/or technical).

Further, we will announce your certification on our website, and include your name in our Contractor Registry, which we'll be promoting in upcoming advertising in construction industry media. To ensure your listing is accurate, please review the information on the following page and let us know as soon as possible if you would like to make any corrections.

This certification will be valid for two years and renewal is required by December 2022. We look forward to assisting you in retaining your status in the future.

Please feel free to contact Holly Mellinger at mellinger@steelframingassociation.org should you have any questions or comments.

Again, congratulations.

Sincerely,

Larry Williams
Executive Director
